Mayor McCoy Statement on the Cottage Street Water Pipe Break

Vernon, Conn., -- Mayor McCoy issued the following statement regarding the Cottage Street water pipe break:

"Early this morning, a water pipe ruptured on Cottage Street causing water to cover East Main Street and surrounding roads. I immediately called the Vernon Police Department and our crews in to resolve the matter and to ensure that appropriate measures were taken to clean up the site and make the roads safe."

"Along with the initial pipe damage and flooding of the surrounding roads, worsened by freezing temperatures, there is also a concern that water could affect houses in the area. Vernon crews are working hard to make sure that these immediate concerns are taken care of and avoided at all costs. I would like to thank the public for their understanding and patience."

If you have any concerns or questions, please contact Mayor McCoy's office at 860.870.3601.
