## ADOPTION POLICY

The Town of Vernon Animal Control adopts out dogs and cats. The animal must be at least 8 weeks of age. Prior to adoption all cats are tested for feline leukemia/aids, given an exam, then checked for and treated for fleas, if necessary. If the animal is available on the day that you come down to see it then the animal can be adopted on that day.

The cost to adopt is \$50.00 per animal. At the time of the adoption a form will be filled out and given to you. This form is the State of Connecticut Animal Population Control Program "Vaccination/Sterilization Voucher". The voucher benefits provide \$50 for a male cat, \$70 for a female cat, \$100 for a male dog, and \$120 for a female dog. It will also provide for two (2) pre-surgical vaccinations. The fee will be \$5 to adopt out if the animal being adopted out has already been sterilized or the adoptee isn't a Connecticut resident.
