## WHAT TO DO IF YOU APPROACH A BAT

If you find a bat lying on the ground, lying in your living area of your home, or flying around in the living area of your home give us a call at 860-870-3558 or 860-872-9126. We will remove it from the property and have it checked for rabies. Do not touch the bat or let your pets have contact with it.

If you have bats living in your attic in a group you need to notify a Nuisance Wildlife Control Operator (NWCO). They are licensed by the state to handle these types of calls. There will be a cost associated with the services they provide.
