Economic Development Status Update

There was a presentation to the Town Council last night on the Talcottville Mill restoration project, which was very well received; Commissioner Breslau and staff spoke in support of the project; Commissioner Kennedy had met with them last fall and provided useful information in regards to incubator space development and DECD. Other projects included 1302 Hartford Turnpike for re-use of the former Tim Horton's building, and 101 Industrial Park Rd. for office use. Commissioner Breslau reported that the RDA waterfall lighting project is moving forward. Follow up on the Intermodal Transportation Center project status.

Discussion with Mayor McCoy regarding EDC priorities for year ahead

The Commission thanked Mayor McCoy for taking time to attend the meeting. The Mayor and Commission reviewed existing priority areas and discussed issues such as unemployment, job creation, attracting and supporting of businesses, and procedures for project review and permit. The consensus was to concentrate on the following top three priorities, and individual Commissioners volunteered to lead each one:

- Streamline approval process for businesses and publish Development Guide.  
Commissioners Olson and Cohen
- Work on Town ad campaign for most effectiveness.  
Commissioner McGurk
- Attract businesses to create jobs; sponsor event.  
Commissioner Sendrak

There being no other business the meeting was adjourned.

Respectfully Submitted, Marina C. Rodriguez, AICP, CED Coordinator & ATP
