Mayor Apel Congratulates Vernon's Honor Roll Students

On behalf of the Town Council and our residents, congratulations to each student who worked diligently over the last quarter to gain honor or high honor roll distinction at either Vernon Center Middle School or Rockville High School. You are to be commended and I hope you are pleased with your efforts.

These achievements have earned you a place in the history books, and you are in good company. The third quarter boasted 715 students from both schools who were recognized for their commitment academic excellence, proving that Vernon schools are indeed "*On the Move*".

I encourage each of you to maintain your diligence and focus as the school year concludes. Vernon is proud of you!
