

## **PRESS RELEASE**

September 9, 2010

### **Mulch Delivery – Available from Vernon Public Works**

The Vernon Department of Public Works is pleased to announce that the mulch delivery program launched this spring has been quite successful. The program will continue to be offered to Vernon residents until November 1, 2010. A fresh pile of ground mulch is now available for a delivery for a fee of \$60.00 for one 4 cubic yard load. Mulch will be delivered **onto driveways only** at a location that has been clearly marked by the resident.

Interested parties should call Vernon DPW at 860-870-3500 to schedule a delivery. All payments will need to be received prior to delivery to insure a spot on the schedule. Residents will also be required to sign a hold harmless agreement releasing liability. Mulch will continue to be made available free of charge for self loading during business hours at the transfer station.
