

## **PRESS RELEASE**

March 12, 2012

### **YARD WASTE**

This is a reminder to Vernon residents that yard waste will no longer be collected curbside. Residents are allowed to bring 1) two bundles of brush and 2) one trash bag filled with tree trimmings, twigs, weeds, pinecones, and pine needles to the Transfer Station once a week at no charge. Larger amounts of yard waste will require a permit and punchcard.

The City Lot leaf bin located at the Nye Street Firehouse will open this week. This bin is for disposal of leaves only. No grass clippings or brush are allowed. Contamination caused by disposal of any other type of yard waste or debris will result in the leaf bin being shut down.
