PART 2: Grasscycling & Home Composting

If your municipality has active, ongoing grasscycling (leaving grass clippings on the lawn) and/or home composting programs, please check the appropriate boxes below. An estimate of the amount home composted/grasscycled will be added to your municipality's waste diversion tonnages. If you have determined (through measurement or survey) the actual amount home composted and/or grasscycled, please report that annual tonnage on Part #1 (pages 2 thru 5) of this form and specify "grasscycling" and/or "home composting" in the row(s) labeled "other", and attach a brief description of how those tonnages were calculated.
