for

Town of Vernon Parks and Recreation Department's
"July in the Sky" Fireworks Display

Question	Answer
1. You specify that the show be "computerized", do you play music along with the show?	No.
2. I see you specify a duration of 25 minutes but do you also specify a shell count that you'd like to see or have some other way to gauge the scale of the show you want?	The RFP will be evaluated by section 3 on page 4. The total number of shells is not a factor. The type of shells and size and how the show is put together is important.
3. Request for last years contract	2014 Contract
