

TOWN OF VERNON

CONTRACT #1022-02/07/13

BID PROPOSAL

FURNISHING TRANSPORTATION AND DISPOSAL SERVICES OF
LIQUID SEWAGE SLUDGE GENERATED FROM THE
WATER POLLUTION CONTROL FACILITY

Sewage Sludge Disposal

- I. Bidders shall insert the proposed unit cost per gallon for transportation and disposal for each year of the agreement. Unit costs shall be carried out to the forth-decimal place. Bids will be tabulated based upon an average annual solids concentration of 6.0 to 7.0% assuming an estimated five and one half (5.5) million gallons per year of sludge. It should be specifically understood that actual solids concentrations and quantities of sludge will vary. (See Appendix A for Calendar Year 2008, 2009, 2010, 2011, and 2012 Sludge Data)
- II. Bidders shall insert the proposed annual cost per year.
- III. The aggregate cost of the five-year proposal, as well as consideration of the responses provided in Section 3.0, shall be the basis for awarding the bid.
- IV. The successful bidder will transport all sludge per year at the bid rate regardless of overage or underage. The Town shall not seek the services of another hauler during the terms of the contract.
