3. PUBLIC HEARINGS

3.1 Application (**IWC-2009-02**) of Ticket Network Forest, LLC for redesignation of wetlands on property at #60 Frontage Road (Assessor's ID: Map #29, Block #0134, Lot/Parcel #0001)

Len Tundermann read the published legal notice.

The applicant's attorney, Dory Famiglietti, attended the meeting along with Soil Scientist, John Ianni.

John Ianni presented to the Commission and residents of Valley Falls Road who were in

attendance, a map and details of the redesignation.

There was a question regarding acreage discrepancies on the plans, and John assured the Commission that this discrepancy would be corrected upon the filing of the map.

The bulk of the wetlands are located on the Southern portion of the property.

North of the property is sand and gravel.

The Commission gave the public time to review the map.

Ed Clark, resident of Valley Falls Road, questioned who the abutters were that were notified of the meeting. Len Tundermann presented Mr. Clark with the list of abutters notified.

Mr. Clark felt that there was significant activity on the property, one being that water was being diverting to his property.

Eric Lewis, 16 Allison Road, a friend of Mr. Clark's, presented pictures of Mr. Clark's property for the Commission to view showing the drainage of water on Clark's property.

Craig Perry, Wetlands Enforcement Officer assured the audience that Cease and Correct orders had been issued and all violations had been corrected and approved by the Commission and John Ianni, Soil Scientist.

Other residents felt that the property had not been monitored well enough. They feel the Wetlands Enforcement Officer should walk the abutting property once again.

The Commission decided to hold the public hearing open until the next meeting on June 23, 2009, in order for Commission members to walk the property with Craig Perry and John Ianni.
