

## WATER POLLUTION CONTROL

### OPERATOR II

The Town of Vernon is accepting applications for the position of Water Pollution Control Operator II. This is a responsible technical position with duties including the operation, maintenance, and repair of a variety of wastewater treatment plant equipment that controls the flow and processing of wastewater, sludge, and effluent. New employees may be assigned to second or third shifts according to seniority or rotational schedule, and must be available for on-call assignments. We expect continuing education through professional organization membership and attendance at workshops and conferences. The compensation is \$52,811.20 to \$57,865.00 with an excellent fringe benefit package.

This position requires a high school diploma and one year of experience in wastewater treatment plant operation. New employees must obtain a State of Connecticut Class II Wastewater Operator's Certificate within one year from the date of hire. We request that all applications be received or postmarked by March 30, 2009, however we will accept applications until the position is filled. Send a resume and an application, available at <http://www.vernon-ct.gov> to:
