

PRESS RELEASE

October 19, 2009

PIZZA BOXES

Pizza boxes are recyclable provided they are **not** contaminated with food or grease or the soiled portions of the boxes are removed. Be mindful of adhesives that may be on the pizza box(s) (coupons, stickers, etc.) as these are also contaminants and can ruin the recycling process just as much as oil or food remains..

Visit our website at **vernon-ct.gov**.

David R. Tomko, Interim Director
