**Child Guidance Clinic**  
**Account Code 1110456223**

**Narrative:**

CCGC continues to expand their reach into the community. Over the last year they have grown partnerships with key constituents and have been able to offer free, child friendly events to children who struggle with emotional and behavioral difficulties and the general public. Transportation services for special education students has been added. The presenting problems of the children being referred to our programs appear to be more intense and complex. The funds being requested would be utilized to continue to collaborate with the Vernon public school system, police, ambulance services, and community networks to ensure that best practices are provided, barriers are challenged and gaps in services are resolved. We will continue to grow our clinical programs to meet these needs of the community. The funds help us to build partnerships in the community and support our efforts to reach those children and families that are less likely to access our services. Therapeutic transportation and school-based care are two areas we hope to grow over the next year.

**Major Objectives:**

The Community Child Guidance Clinic provides educational, outpatient therapy, home-based therapy, community-based therapy, and intensive outpatient treatment to children and their families.

**KIDSAFE CT - Exchange Club**  
**Account Code #10456224**

**Narrative:**

KIDSAFE CT has been working to prevent and intervene in child abuse or neglect through education and support services since 1981. KIDSAFE programs help parents develop positive ways of managing emotional and behavioral health challenges and stresses so they can become effective and nurturing caregivers. We also refer parents to more intense therapeutic services if need is indicated, and identify resources to help with other basic needs.

**Major Objectives:**

If awarded, the grant provided by the Town of Vernon would provide home-based support for infants and caregivers during the first year of the infants' lives through the Parent PALS program. This program follows a family-centered approach which helps build a safe, supportive environment for children to grow up within and provides parents with unconditional and hands on support and information. It is designed to build healthy, nurturing parenting skills in order to prevent neglectful or abusive child-rearing practices. The program extends our strategy of achieving positive child outcomes by strengthening adult capacities.

**MARC, Inc. of Manchester**  
**Account Code 1110456226**

**Narrative:**

MARC, Inc. believes that all people should have the opportunity to live, work, and enjoy and contribute to their community, according to their individual choices and abilities. In order to make that vision a reality for an aging population of people served in Vernon and beyond, that means adapting support services to meet changing and growing needs. Accordingly, our 2018 - 2021 Strategic Plan focuses on tailoring our programs and services to offer more choice and inclusion. For example, our successful Project SEARCH transitional internship program was developed at Goodwin College this year and will expand to include Hartford Hospital in the Fall 2020. We are working to improve efficiencies such as paperless record keeping and energy efficiency, while continuing to maintain the highest standards of excellence in program quality. But state funding alone simply cannot allow us to meet the individual needs of our people served. We need the continued support of the Town of Vernon to facilitate the kind of services, opportunities, and continuous growth our people and Vernon residents deserve.

**Major Objectives:**

- Employment specialists and community support assistants provide job training, transportation, ongoing support for work-related issues, social interactions, and recreational activities. In-home supports aid with shopping, organizational skills, budgeting, housekeeping, navigating interpersonal relationships, and other related issues.
